## REMINDER

Drawing changes may also require changes in the specification, e.g., if Fig. I is changed to Fig. IA, Fig. IB, Fig. IC, etc., the specification, at the Brief Description of the Drawings, must likewise be changed. Please make such changes by 37 CFR 1.312 Amendment at the time of submitting drawing changes.

## INFORMATION ON HOW TO SPECIFY DRAWING CHANGES

### 1. Correction of Informalities—37 CFR 1.8s

File new drawings with the changes incorporated therein. The application number, the title of the invention, inventor's name, docket number (if any), and the name and telephone number of the applicant or assignee to call if the Office is unable to match the drawings to the proper application, should be placed on the back of each sheet of drawings in accordance with 37 CFR 1.84(c). Applicant may delay filing of the corrected drawings until the receipt of the Notice of Allowability (PTOL-37). Extensions of time may be granted under 37 CFR 1.134 and 37 CFR 1.136. The drawing correction should be filed as a separate paper with a transmittal letter addressed to the Drawing Review Branch.

### 2. Timing of Corrections

Applicant is required to submit acceptable corrected drawings within the time period set in the shortened statutory period set in the Notice of Allowability (PTOL-37). If a correction is determined to be unacceptable by the Office, applicant must arrange to have acceptable correction resubmitted within the original shortened statutory period to avoid the necessity of obtaining an extension of time and paying the extension fee. Therefore, applicant should file corrected drawings as soon as possible.

Failure to take corrective action within set (or extended) period will result in the abandonment of the Application.

### 3. Corrections other than Informalities Noted by the Drawing Review Branch—Use of the Form PTO 948

All changes to the drawings, other than informalities noted by the Drawing Review Branch, MUST be approved by the examiner before the application will be allowed. No changes will be permitted to be made, other than correction of informalities, unless the examiner has approved the proposed change.
